

## Mount Kilimanjaro

We had the pleasure of welcoming Mr Vickery back in to share his adventures from Mount Kilimanjaro. The children got to experience firsthand what it was like to climb the mountain and the journey required to complete this task. Mr Vickery provided detailed schedules and pictures of his journey to fully immerse the children in the experience. We also heard about the experience Teddy went on and how he was very cheeky and hopped in a porter's backpack instead of doing the climb! He even brought us back some volcanic rocks to explore and each child in Year 4 left with a small piece of Mount Kilimanjaro courtesy of Mr Vickery and his team.
